

IRONMAN 4x4 VEHICLE PROTECTION BULL BARS

Keep you and your family protected with IRONMAN 4x4 Bull Bars. Not only do they provide premium frontal protection but IRONMAN 4x4 Bull Bars improve your approach angle, allow for recovery and accessory mounting options. An IRONMAN 4x4 Bull Bar should be the first addition to your vehicle.

Applications available for most late model 4wd vehicles. Check our vehicle listing for availability.

Ironman 4x4

Product Concept, Design, Development, Testing & Evaluation

For more than 60 years, Ironman 4x4 has been and continues to be a leader in 4x4 accessory design and innovation. We develop and manufacture products primarily focussed on people and businesses who use their vehicles for work, recreation or fleet applications.

Our products are exported to more than 160 countries and have become the choice of 4x4 owners throughout the world, including many of the world's largest defence forces.

All Ironman 4x4 product evolves from concept through CAD design, to development, testing and evaluation. Our products are rigorously tested in the harshest conditions on earth... The Australian Outback!

This guarantees that Ironman 4x4 accessories fitted to your new Jeep are of the highest quality, having been thoroughly tested, ensuring that you get there and back safely.

All of the above makes us live up to our company vision of delivering quality products that are **Safer, Stronger, Smarter.**

Bull Bars

Airbag Compatible / Certified

- Scanned in 3D to ensure correct and accurate fit with a stylish but dependable design
- IRONMAN 4x4 Bull Bars are designed and tested for ADR, Airbag compliance and compatibility with vehicle safety systems
- Made from the highest quality SPHC oil pickled steel (not mild steel) for maximum strength and highest resistance to rust
- IRONMAN 4x4 Bull Bars are CNC laser cut, bent and robot welded for optimum accuracy and finish

- Winch compatible using a unique winch cradle to reduce excess weight of the Bull Bar
- Black powdercoating using AKZO NOBEL powder (YN100G) allows a thicker, smoother and more durable coating
- IRONMAN 4x4 designed aerial mount for quick installation and removal of an aerial
- Integrated Spot-Light or Light-Bar mounts
