

IRONMAN 4X4 VEHICLE PROTECTION SIDE STEPS & RAILS

Ironman 4x4

Product Concept, Design, Development, Testing & Evaluation

For more than 60 years, Ironman 4x4 has been and continues to be a leader in 4x4 accessory design and innovation. We develop and manufacture products primarily focussed on people and businesses who use their vehicles for work, recreation or fleet applications.

Our products are exported to more than 160 countries and have become the choice of 4x4 owners throughout the world, including many of the world's largest defence forces.

All Ironman 4x4 product evolves from concept through CAD desing, to development, testing and evaluation. Our products are rigorously tested in the harshest conditions on earth... The Australian Outback!

This guarantees that Ironman 4x4 accessories fitted to your new Jeep are of the highest quality, having been thoroughly tested, ensuring that you get there and back safely.

All of the above makes us live up to our company vision of delivering quality products that are **Safer, Stronger, Smarter.**

Steel Side Steps & Rails

Airbag Compatible / Certified

Protecting your vehicle can sometimes be a low priority, when in fact it can be the most expensive repair on the car! Ironman 4x4 steel powder coated side steps and rails not only give your vehicle protection, but also aid you to get in and out of your vehicle. The vehicles body panel protection is an added bonus.

Whether in the bush rubbing along dirt walls, or the big smoke where shopping trollies bounce off your paint work, IRONMAN 4x4 Side Steps and Rails are a smart investment!

- Designed to protect your vehicle from off-road damage
- Provides a convenient step into lifted 4wd's
- Unique airbag compatible bracket design
- Ultimate Side and Sill Protection
- Strong Mountings and Engineered Step
- Hard wearing black powdercoated finish
- New Hybrid dimple designed plates aids water drainage

Applications available for most late model 4wd vehicles. Check our vehicle listing for availability.
